books.google.com - There has been a profound shift in the direction of archaeological activity in the last fifteen years, a change reflected in this volume. While excavation remains a professional priority, the interpretation of archaeological evidence is now attracting increasing critical study.

Interpreting Archaeology: Finding Meaning in the Past

Interpreting Archaeology: Finding Meaning in the Past. Ian Hodder (ed.) Routledge (1995) Abstract Interpretive Archaeologies provides a forum for debate between varied approaches to studying the past. It reflects the profound shift in the direction of archaeological study in the last fifteen years. The book argues that archaeologists must understand their own subjective approaches to the ...

Hodder Et Al - Interpreting Archaeology - Scribd

The desire to understand meaning in the past has a long history in archaeology, going back to such founding figures of the early twentieth century as Walter Taylor, Irving Rouse, and V. Gordon Childe.

The Archaeology of Meaning - Encyclopedia of Life Support

Done well, heritage interpretation can enhance the visitor experience. It may also strengthen the relationship between the site and those who live around it. Furthermore, by improving the attractiveness of a site, interpretation can lead to economic benefits for the wider area. Done badly, it can inaccurately communicate the meanings of the site and alienate those who visit. It can also ...
