Down Loads Water Supply And Sanitary Installation By A C

UNICEF's water, sanitation and hygiene (WASH) team works in over 100 countries worldwide to improve

water and sanitation services, as well as basic hygiene practices. Last year, UNICEF's efforts provided nearly 14 million people with clean water and over 11 million with basic toilets.

UNICEF - Water, Sanitation and Hygiene

10. Standards for materials used in plumbing systems 10.1 Standards Standards are sets of rules that outline specification of dimensions, design of operation, materials and performance, or describe quality of materials, products or systems. These standards should cover the performance expectations of the product for particular applications, as well as, in the case of drinking-water contact ...
